

Product Description

Pioneering GTPase and Oncogene Product Development since 2010

COL25A1 RABBIT PAB

Cat.#: S221744

Product Name: Anti-COL25A1 Rabbit Polyclonal Antibody

Synonyms: AMY; CLAC; CLACP; CFEOM5; CLAC-P **UNIPROT ID:** Q9BXS0 (Gene Accession - NP_942014)

Background: This gene encodes a brain-specific membrane associated collagen. A product of proteolytic processing of the encoded protein, CLAC (collagenous Alzheimer amyloid plaque component), binds to amyloid beta-peptides found in Alzheimer amyloid plaques but CLAC inhibits rather than facilitates amyloid fibril elongation (PMID: 16300410). A study of over-expression of this collagen in mice, however, found changes in pathology and behavior suggesting that the encoded protein may promote amyloid plaque formation (PMID: 19548013). Multiple transcript variants encoding different isoforms have been found for this gene.

Immunogen: Synthetic peptide of human COL25Al

Applications: ELISA, IHC

Recommended Dilutions: IHC: 20-100; ELISA: 5000-10000

Host Species: Rabbit

Clonality: Rabbit Polyclonal

Isotype: Immunogen-specific rabbit IgG **Purification:** Antigen affinity purification **Species Reactivity:** Human, Mouse

Constituents: PBS (without Mg2+ and Ca2+), pH 7.4, 150 mM NaCl, 0.05% Sodium Azide and 40%

glycerol

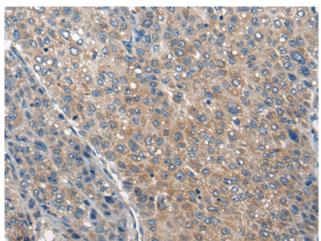

Research Areas: Neuroscience

Storage & Shipping: Store at -20°C. Avoid repeated freezing and thawing

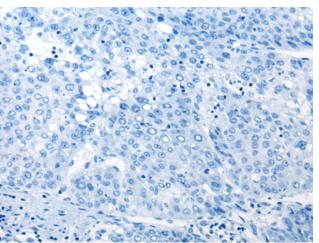

Product Description

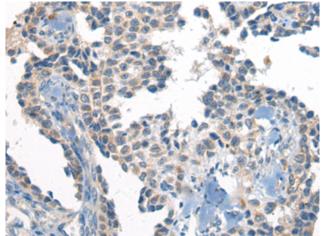

Pioneering GTPase and Oncogene Product Development since 2010

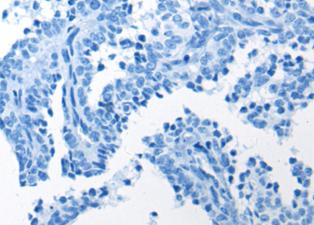

Immunohistochemistry analysis of paraffin embedded Human liver cancer tissue using 221744(COL25A1 Antibody) at a dilution of 1/30(Cytoplasm).

In comparision with the IHC on the left, the same paraffin-embedded Human liver cancer tissue is first treated with the synthetic peptide and then with 221744(Anti-COL25A1 Antibody) at dilution 1/30.

The image on the left is immunohistochemistry of paraffinembedded Human ovarian cancer tissue using 221744(Anti-COL25Al Antibody) at a dilution of 1/30.

In comparision with the IHC on the left, the same paraffin-embedded Human ovarian cancer tissue is first treated with synthetic peptide and then with D263469(Anti-COL25Al Antibody) at dilution 1/30.
