

Product Description

Pioneering GTPase and Oncogene Product Development since 2010

HNRNPUL1 RABBIT PAB

Cat.#: S222194

Product Name: Anti-HNRNPULI Rabbit Polyclonal Antibody

Synonyms: E1BAP5; E1B-AP5; HNRPUL1

UNIPROT ID: Q9BUJ2 (Gene Accession - NP_008971)

Background: This gene encodes a nuclear RNA-binding protein of the heterogeneous nuclear ribonucleoprotein (hnRNP) family. This protein binds specifically to adenovirus early-1B-55kDa oncoprotein. It may play an important role in nucleocytoplasmic RNA transport, and its function is modulated by early-1B-55kDa in adenovirus-infected cells.

Immunogen: Synthetic peptide of human HNRNPUL1

Applications: ELISA, WB, IHC

Recommended Dilutions: IHC: 30–150;WB: 200–1000;ELISA: 5000–10000

Host Species: Rabbit

Clonality: Rabbit Polyclonal

Isotype: Immunogen-specific rabbit IgG

Purification: Antigen affinity purification

Species Reactivity: Human, Mouse

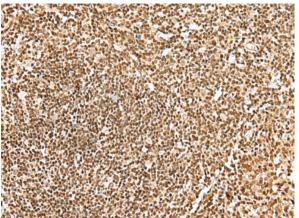

Constituents: PBS (without Mg2+ and Ca2+), pH 7.4, 150 mM NaCl, 0.05% Sodium Azide and 40% glycerol **Research Areas:** Epigenetics and Nuclear Signaling

Storage & Shipping: Store at -20°C. Avoid repeated freezing and thawing

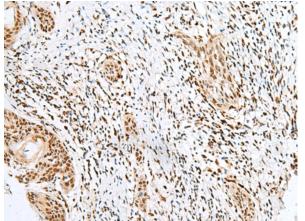

Product Description

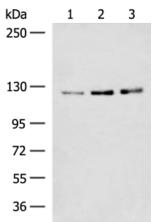

Pioneering GTPase and Oncogene Product Development since 2010

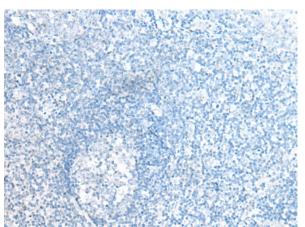

Immunohistochemistry analysis of paraffin embedded Human tonsil tissue using 222194(HNRNPULI Antibody) at a dilution of 1/20(Nucleus).

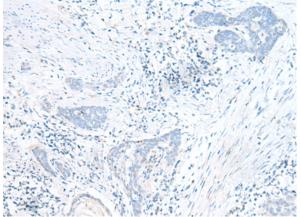

The image on the left is immunohistochemistry of paraffin-embedded Human esophagus cancer tissue using 222194(Anti-HNRNPULI Antibody) at a dilution of 1/20.

Gel: 6%SDS-PAGE, Lysate: 40 μg; Lane 1-3: Hela, 231 and Raji cell lysates; Primary antibody: 222194(HNRNPUL1 Antibody) at dilution 1/200; Secondary antibody: Goat anti rabbit IgG at 1/8000 dilution; Exposure time: 20 seconds

In comparision with the IHC on the left, the same paraffin-embedded Human tonsil tissue is first treated with the synthetic peptide and then with 222194(Anti-HNRNPULI Antibody) at dilution 1/20.

In comparision with the IHC on the left, the same paraffin-embedded Human esophagus cancer tissue is first treated with synthetic peptide and then with D264204(Anti-HNRNPUL1 Antibody) at dilution 1/20.
