

Product Description

Pioneering GTPase and Oncogene Product Development since 2010

MRPS24 RABBIT PAB

Cat.#: S218816

Product Name: Anti-MRPS24 Rabbit Polyclonal Antibody **Synonyms:** S24mt; bMRP47; HSPC335; MRP-S24; bMRP-47

UNIPROT ID: Q96EL2 (Gene Accession - BC012167)

Background: Mammalian mitochondrial ribosomal proteins are encoded by nuclear genes and help in protein synthesis within the mitochondrion. Mitochondrial ribosomes (mitoribosomes) consist of a small 28S subunit and a large 39S subunit. They have an estimated 75% protein to rRNA composition compared to prokaryotic ribosomes, where this ratio is reversed. Another difference between mammalian mitoribosomes and prokaryotic ribosomes is that the latter contain a 5S rRNA. Among different species, the proteins comprising the mitoribosome differ greatly in sequence, and sometimes in biochemical properties, which prevents easy recognition by sequence homology. This gene encodes a 28S subunit protein. A pseudogene corresponding to this gene is found on chromosome 11. Read-through transcription exists between this gene and the upstream upregulator of cell proliferation (URGCP) gene.

Immunogen: Fusion protein of human MRPS24

Applications: ELISA, IHC

Recommended Dilutions: IHC: 50-300; ELISA: 5000-10000

Host Species: Rabbit

Clonality: Rabbit Polyclonal

Isotype: Immunogen-specific rabbit IgG **Purification:** Antigen affinity purification **Species Reactivity:** Human, Mouse

Constituents: PBS (without Mg2+ and Ca2+), pH 7.4, 150 mM NaCl, 0.05% Sodium Azide and 40%

glycerol

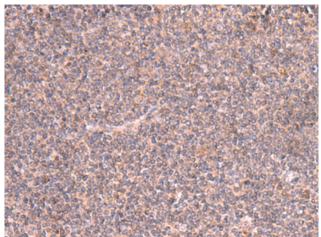

Research Areas: Epigenetics and Nuclear Signaling

Storage & Shipping: Store at -20°C. Avoid repeated freezing and thawing

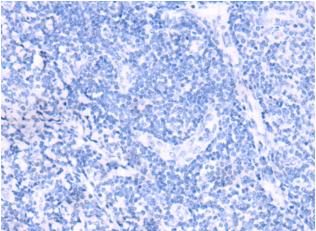

Product Description

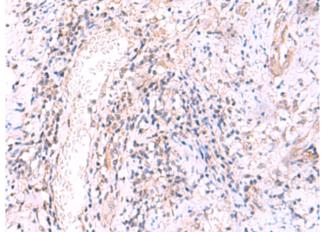

Pioneering GTPase and Oncogene Product Development since 2010

Immunohistochemistry analysis of paraffin embedded Human tonsil tissue using 218816(MRPS24 Antibody) at a dilution of 1/90(Cytoplasm).

In comparision with the IHC on the left, the same paraffin-embedded Human tonsil tissue is first treated with the fusion protein and then with 218816 (Anti-MRPS24 Antibody) at dilution 1/90.

The image on the left is immunohistochemistry of paraffinembedded Human cervical cancer tissue using 218816(Anti-MRPS24 Antibody) at a dilution of 1/90.
