

Product Description

Pioneering GTPase and Oncogene Product Development since 2010

STAM RABBIT PAB

Cat.#: S217086

Product Name: Anti-STAM Rabbit Polyclonal Antibody

Synonyms: STAM1; STAM-1

UNIPROT ID: Q92783 (Gene Accession - BC030586)

Background: This gene encodes a member of the signal-transducing adaptor molecule family. These proteins mediate downstream signaling of cytokine receptors and also play a role in ER to Golgi trafficking by interacting with the coat protein II complex. The encoded protein also associates with hepatocyte growth factor-regulated substrate to form the endosomal sorting complex required for transport-0 (ESCRT-0), which sorts ubiquitinated membrane proteins to the ESCRT-1 complex for lysosomal degradation. Alternatively spliced transcript variants have been observed for this gene.

Immunogen: Fusion protein of human STAM

Applications: ELISA, IHC

Recommended Dilutions: IHC: 50-200; ELISA: 1000-5000

Host Species: Rabbit

Clonality: Rabbit Polyclonal

Isotype: Immunogen-specific rabbit IgG **Purification:** Antigen affinity purification **Species Reactivity:** Human, Mouse

Constituents: PBS (without Mg2+ and Ca2+), pH 7.4, 150 mM NaCl, 0.05% Sodium Azide and 40%

glycerol

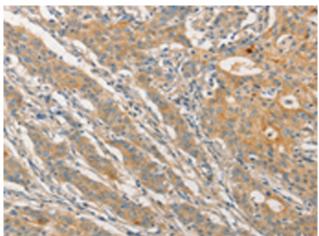

Research Areas: Signal Transduction, Cancer

Storage & Shipping: Store at -20°C. Avoid repeated freezing and thawing

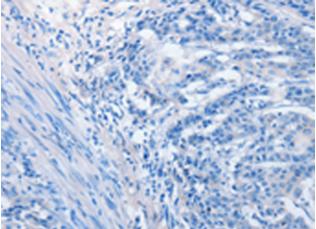

Product Description

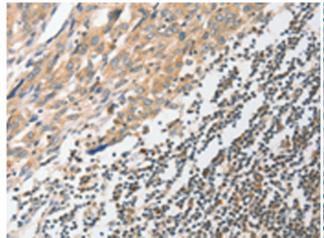

Pioneering GTPase and Oncogene Product Development since 2010

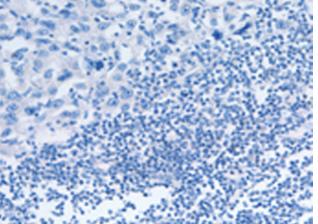

Immunohistochemistry analysis of paraffin embedded Human gasrtic cancer tissue using 217086(STAM Antibody) at a dilution of 1/40(Cytoplasm).

In comparision with the IHC on the left, the same paraffin-embedded Human gasrtic cancer tissue is first treated with the fusion protein and then with 217086(Anti-STAM Antibody) at dilution 1/40.

The image on the left is immunohistochemistry of paraffinembedded Human esophagus cancer tissue using 217086(Anti-STAM Antibody) at a dilution of 1/40.

In comparision with the IHC on the left, the same paraffin-embedded Human esophagus cancer tissue is first treated with fusion protein and then with D221765(Anti-STAM Antibody) at dilution 1/40.
