

## **Product Description**

Pioneering GTPase and Oncogene Product Development since 2010

## **TAB1 RABBIT PAB**

Cat.#: S214866

**Product Name:** Anti-TAB1 Rabbit Polyclonal Antibody

**Synonyms:** 3'-Tab1; MAP3K7IP1

UNIPROT ID: Q15750 (Gene Accession - NP\_006107)

**Background:** The protein encoded by this gene was identified as a regulator of the MAP kinase kinase kinase MAP3K7/TAK1, which is known to mediate various intracellular signaling pathways, such as those induced by TGF beta, interleukin 1, and WNT-1. This protein interacts and thus activates TAK1 kinase. It has been shown that the C-terminal portion of this protein is sufficient for binding and activation of TAK1, while a portion of the N-terminus acts as a dominant-negative inhibitor of TGF beta, suggesting that this protein may function as a mediator between TGF beta receptors and TAK1. This protein can also interact with and activate the mitogen-activated protein kinase 14 (MAPK14/p38alpha), and thus represents an alternative activation pathway, in addition to the MAPKK pathways, which contributes to the biological responses of MAPK14 to various stimuli. Alternatively spliced transcript variants encoding distinct isoforms have been reported.

**Immunogen:** Synthetic peptide of human TAB1

Applications: ELISA, IHC

**Recommended Dilutions:** IHC: 25-100; ELISA: 2000-5000

Host Species: Rabbit

**Clonality:** Rabbit Polyclonal

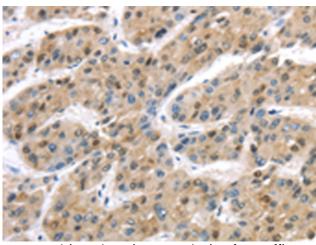

**Isotype:** Immunogen-specific rabbit IgG **Purification:** Antigen affinity purification **Species Reactivity:** Human, Mouse

Constituents: PBS (without Mg2+ and Ca2+), pH 7.4, 150 mM NaCl, 0.05% Sodium Azide and 40%

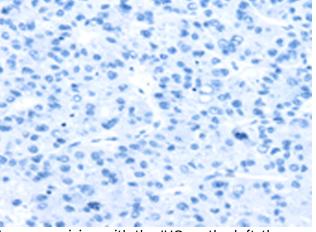

glycerol

Research Areas: Signal Transduction, Cardiovascular, Immunology

Storage & Shipping: Store at -20°C. Avoid repeated freezing and thawing

Immunohistochemistry analysis of paraffin embedded Human liver cancer tissue using 214866(TAB1 Antibody) at a dilution of 1/30(Nucleus and Cytoplasm).

In comparision with the IHC on the left, the same paraffin-embedded Human liver cancer tissue is first treated with the synthetic peptide and then with 214866(Anti-TAB1 Antibody) at dilution 1/30.
