

Product Description

Pioneering GTPase and Oncogene Product Development since 2010

MEK1(I111S)

Catalog Number: 26264 Gene Symbol: MAP2K1; MAPKK1; MEK1; MKK1; PRKMK1 Description: Anti-MEK1(I111S) Mouse Monoclonal Antibody

Background: MEK1 (also known as extracellular signal-regulated kinases, ERKs) plays important role in the MAP kinase cascade, which transduces multiple extracellular signals to control cell growth, proliferation and differentiation. Activated upon growth factors stimulation, MEK1 phosphorylates MAPK3/ERK1 and MAPK1/ERK2, thus activates the MAP pathway and regulates transcription. Abnormal of the MEK1 protein, including point mutations, are implicated in diseases such as cardiofaciocutaneous syndrome (CFC) and melanoma.

Immunogen: A synthetic peptide from the internal region of MEK1, which includes the mutation of I111S, human origin.

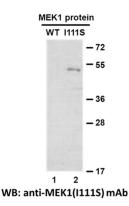

Tested Applications: ELISA, WB, IF. IHC **Recommended Dilutions:**

ELISA:	1:1000-1:2000
WB:	1:500-1:1000
IF:	1:50-1:100
IHC:	1:50-1:100

Concentration: 1.0 mg/ml Host: Mouse Clonality: Monoclonal Isotype: IgG Purity: Purified from ascites Format: Liquid Preservative: No Constituents: PBS (without Mg²⁺ and Ca²⁺), pH7.4, 150 mM NaCl, 50% glycerol Species Reactivity: Recognizes MEK1(I111S), but not wild type MEK1 protein from vertebrates. Storage Conditions: Store at -20°C. Avoid freeze / thaw

cycles.

Western blot:

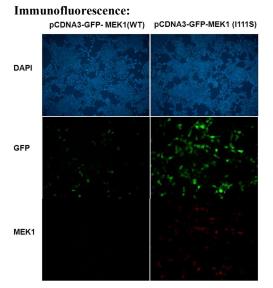

Western blot analysis of recombinant MEK1 (I111S) and wild type proteins.

Purified His-tagged MEK1 (I111S) protein (lane 2) and corresponding wildtype protein (lane 1) were blotted with anti-MEK1 (I111S) monoclonal antibody (Cat. # 26264).

FOR RESEARCH USE ONLY. NOT FOR DIAGNOSTIC APPLICATIONS

Support: Web: 610-945-2007 info@neweastbio.com www.neweastbio.com

Immunofluorescence of cells expressing MEK1 proteins with anti-MEK1 (I111S) antibody.

HEK293T cells were transfected with pCDNA3-GFP-MEK1 (WT) plasmid (left column) or pCDNA3-GFP-MEK1 (I111S) plasmid (right column), then fixed and stained with anti-MEK1 (I111S) monoclonal antibody (Cat. # 26264).
